WORKING AT HEIGHTS EXPERIENCE (AT LEAST ONE REQUIRED)	Y/N
Minimum five years recent delivery or working experience related to a working at heights program.	
Completion of the Total Group of Companies Train the Trainer Course or another relevant Train the Trainer Course. Proof of completion to be submitted with this application.	
Co-facilitation of a minimum of at least one session of the approved training program as evaluated by The Total Group of Companies.	

The Instructor Process

The following steps must be taken to become a certified Working at Heights Instructor:

- 1) Submit the completed Application for review **before the desired train the trainer date (contact Total Rescue at info@totalrescue.ca for date availability and application submission)**
 - This includes submitting a current resume and at a minimum one Professional Reference to represent health and safety work experience.
- 2) Attend a course and pass the exam as well as co-teach, unless alternate plans made with Total Rescue, such as current WAH training with another organization.
- 3) Review and sign the Total Rescue Certified Instructors Agreement.
- 4) Pass an audit within six months or the first five course deliveries.

Applicants are considered to have abandoned the process and must reapply when they:

- do not register for the instructor course within four months of approval,
- do not complete the instructor course within one year of approval,
- do not complete a student audit within six months of course completion.

Such individuals will have to restart the process by resubmitting an application.
